**"SO YOUNG. SO FIT. SO ACTIVE..."
SO SUDDEN**

C.R.Y. Ireland was founded in March 2002 by parents who have experienced the effects of sudden and unexplained death within their families. We are a self – supporting registered charity. The Charity is dependent on help to: raise awareness of cardiac risk in the young, support the National Screening Centre where families and individuals at risk are evaluated and provides counselling and support to families affected. The Service is FREE TO PATIENT. C.R.Y do not receive Government funding of any kind.

Ruairi Fegan, Shaun Doran, Peter Comiskey, Tony McQuade, Fearghal Lewis, Damien McSherry, Daniel Morgan, Paddy Henry, Martin Fegan, Conor Fegan, Ryan Sheppard, Eamon Carty, Niall Malley and Jason Lennon have volunteered to complete a 4 Peaks Challenge

In less than 48 hours, the group will climb more than 4200 meters to the summit and back of the four highest peaks in Scotland, England, Wales and Northern Ireland taking to the roads in-between peaks to drive more than 1,200 miles, including a boat trip to Scotland.

In Memory of Kevin Fegan
